

New routes in NPZ

The new routes are the blue ones, the routes in red are in the UAE Rock Climbing guidebook and have been drawn here to help situating the new ones. There are more routes on the cliff.

Three of these new routes (1,4 & 9) have yet to be climbed so do not give too much credit to these grades. Two of them (4 & 9) also need some (a lot of) cleaning and a bolt should be added to **E.S.M.** for the faint-hearted.
